Notes:

1. GENERAL

Harmony Asset Limited is incorporated in the Cayman Islands as an exempted company with limited liability. The address of its registered office is Cricket Square, Hutchins Drive, P.O. Box 2681, Grand Cayman KY1-1111, Cayman Islands. The principal place of business of the Company is Room 1902, Chung Kong Center, 2 Queen's Road Central, Hong Kong. Its shares are dual listed on The Stock Exchange of Hong Kong Limited (the "Stock Exchange") and Toronto Stock Exchange (the "TSX"). On 24th January, 2013, the Company announced that it has applied for voluntary delisting of its shares from the TSX. The Company's application has been approved by the TSX. It is expected that trading of the shares of the Company will cease on the TSX and the Company will be delisted from the TSX at the close of business on 22nd July, 2013.

2. ADOPTION OF INTERNATIONAL FINANCIAL REPORTING STANDARDS ("IFRSs")

(a) Adoption of amendments to IFRSs – effective 1st January, 2012

Amendments to IFRS 1	Severe Hyper Inflation and Removal of Fixed Dates for
	First-time Adopters
Amendments to IFRS 7	Disclosures – Transfers of Financial Assets
Amendments to IAS 12	Deferred Tax – Recovery of Underlying Assets

The adoption of these amendments has no material impact on the Group's financial statements.

(b) New or revised IFRSs that have been issued but are not yet effective

The following new or revised IFRSs, potentially relevant to the Group's financial statements, have been issued, but are not yet effective and have not been early adopted by the Group.

IFRSs (Amendments)	Annual Improvements 2009-2011 Cycle ²
Amendments to IAS 1 (Revised)	Presentation of Items of Other Comprehensive
	Income ¹
Amendments to IAS 32	Offsetting Financial Assets and Financial Liabilities
Amendments to IFRS 7	Offsetting Financial Assets and Financial Liabilities
IFRS 9	Financial Instruments ⁴
IFRS 10	Consolidated Financial Statements ²
IFRS 12	Disclosure of Interests in Other Entities ²
IFRS 13	Fair Value Measurement ²
Amendments to IFRS 10,	Investment Entities ³
IFRS 12 and IAS 27	
(2011)	
IAS 19 (2011)	Employee Benefits ²
IAS 27 (2011)	Separate Financial Statements ²
IAS 28 (2011)	Investments in Associates and Joint Ventures ²

¹ Effective for annual periods beginning on or after 1st July, 2012

- ² Effective for annual periods beginning on or after 1st January, 2013
- ³ Effective for annual periods beginning on or after 1st January, 2014
- ⁴ Effective for annual periods beginning on or after 1st January, 2015

The Group is in the process of making an assessment of the potential impact of these new or revised IFRSs and the directors so far concluded that the application of these new or revised IFRSs will have no material impact on the Group's financial statements except for the following IFRSs.

Amendments to IAS 1 (Revised) – Presentation of Items of Other Comprehensive Income

The amendments to IAS 1 (Revised) require the Group to separate items presented in other comprehensive income into those that may be reclassified to profit and loss in the future (e.g. revaluations of available-for-sale financial assets) and those that may not (e.g. revaluations of property, plant and equipment). Tax on items of other comprehensive income is allocated and disclosed on the same basis. The amendments will be applied retrospectively.

Amendments to IFRS 10, IFRS 12 and IAS 27 (2011) - Investment Entities

The amendments apply to a particular class of businesses that qualify as investment entities. An investment entity's business purpose is to invest funds solely for returns from capital appreciation, investment income or both. It evaluates the performance of its investments on a fair value basis. Investment entities could include private equity organisations, venture capital organisations, pension funds and investment funds.

The amendments provide an exception to the consolidation requirements in IFRS 10 Consolidated Financial Statements and require investment entities to measure particular subsidiaries at fair value through profit or loss rather than to consolidate them. The amendments also set out the disclosure requirements for investment entities. The amendments are applied retrospectively subject to certain transitional provisions.

IFRS 9 – Financial Instruments

IFRS 9 "Financial Instruments" replaces those parts of IAS 39 relating to the classification and measurement of financial assets. Under IFRS 9, financial assets are classified into financial assets measured at fair value or at amortised cost depending on the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets. Fair value gains or losses will be recognised in profit or loss except for those non-trade equity investments, which the entity will have an irrevocable election in initial recognition, on an investment-by-investment basis, to recognise the gains and losses in other comprehensive income. There is no recycling of such fair value gains or losses to profit or loss. IFRS 9 carries forward the recognition and measurement requirements for financial liabilities from IAS 39, except for financial liabilities that are designated at fair value through profit or loss, where the amount of change in fair value attributable to change in credit risk of that liability is recognised in other comprehensive income unless that would create or enlarge an accounting mismatch. In addition, IFRS 9 retains the requirements in IAS 39 for derecognition of financial assets and financial liabilities. The directors are in process of assessing the impacts on the application of this new IFRS and currently not practicable to provide a reasonable estimate of that effect until a detailed review has been completed.

IFRS 13 - Fair Value Measurement

IFRS 13 provides a single source of guidance on how to measure fair value when it is required or permitted by other standards. The standard applies to both financial and non-financial items measured at fair value and introduces a fair value measurement hierarchy. The definitions of the three levels in this measurement hierarchy are generally consistent with IFRS 7 "Financial Instruments: Disclosures". IFRS 13 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e. an exit price). The standard removes the requirement to use bid and ask prices for financial assets and liabilities quoted in an active market. Rather the price within the bid-ask spread that is most representative of fair value in the circumstances should be used. It also contains extensive disclosure requirements to allow users of the financial statements to assess the methods and inputs used in measuring fair values and the effects of fair value measurements on the financial statements. IFRS 13 can be adopted early and is applied prospectively.

3. BASIS OF PREPARATION

(a) Statement of compliance

The financial statements have been prepared in accordance with IFRS issued by the International Accounting Standards Board and the disclosure requirements of the Hong Kong Companies Ordinance. In addition, the financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules").

(b) Basis of measurement

The financial statements have been prepared under the historical cost basis, except that, available-for-sale financial assets and financial assets at fair value through profit or loss are stated at fair value.

4. TURNOVER, OTHER REVENUE AND OTHER GAINS AND (LOSSES)

The Group principally invests in securities listed on recognised stock exchanges and unlisted securities, including equity securities and convertible bonds issued by corporate entities. Turnover, other revenue and other gains and losses recognised during the year are as follows:

The directors consider the Group has no income subject to taxation in other jurisdictions.

7. EARNINGS (LOSS) PER SHARE

(a) Basic earnings (loss) per share

The calculation of basic earnings (loss) per share is based on the Group's profit attributable to owners of the Company amounting to HK\$9,530,972 (2011: loss of HK\$48,045,466) and on the weighted average of ordinary shares of 39,058,614 (2011: 39,058,614) in issue during the year.

(b) Diluted earnings (loss) per share

Diluted earnings per share for the year ended 31st December, 2012 is the same as the basic earnings per share as there is no potential dilutive share in issue during the year.

Diluted loss per share for the year ended 31st December, 2011 was the same as the basic loss per share as the effect of the assumed conversion of the outstanding share options was antidilutive.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

For the year ended 31st December 2012, the Group recorded a turnover of HK\$10,275,453 as compared to HK\$16,157,407 in the prior year, representing a decrease of 36%. The reduction in turnover was due to lower interest and dividend received during the year. The Group recorded a realised gain of HK\$5,522,640 as compared to HK\$5,624,865 in the prior year, representing a decrease of 2%. With the Euro Zone euro debt crisis stabling after actions taken by the European Central Bank and European authorities, the global stock markets trended upwards in the fourth quarter of 2012 and the share prices of several publicly traded securities held by the Group recovered from their lows. The Group recorded a net gain on fair value of HK\$21,114,391 (2011: net loss of HK\$55,707,803) on its publicly trading securities and the derivative financial instruments, resulting in the Group posting an aggregate gain of HK\$26,962,375 with the inclusion of turnover, other revenue, other gains and losses as compared to a loss of HK\$28,322,935 in the prior year.

After deducting of employee benefits expenses, depreciation expenses and other operating expenses totalling HK\$17,431,403 (2011: HK\$15,809,782), the Group recorded a profit of HK\$9,530,972 before income tax as compared to a loss of HK\$45,704,441 in the prior year. Profit attributable to owners of the Company was HK\$9,530,972 as compared to a loss of HK\$48,045,466 reported for 2011.

PROSPECTS AND FUTURE PLANS

According to the World Bank's Global Economic Prospects Report which is published twice annually, world economy is estimated to grow from 2.3 percent in 2012 to 2.4 percent in 2013.

Emerging markets, facing the prospect of higher inflation, probably will lead the engine of growth, while developed countries are still struggling to recover. Some of the long term structural challenges experienced by global economy in the last several years will take time to resolve. In Asia, however, some central banks have started monetary easing to ensure growth will continue. Asia is likely to be more robust and so we believe there will be ample investment opportunities in the equity market as well as in higher yielding bond market.

Business indicates for the emerging markets will remain at relatively elevated levels above the growth threshold of 50 in most economies. In China, investment growth has accelerated and will remain a cornerstone of government policies.

The Group will maintain focus on China as the government speeds up capital flows between China and Hong Kong. This will undoubtedly fuel greater interest in equities which appear to be in favour for 2013.

The Group has already made several investments which we hope will come to fruition in the medium term. Barring any unforeseeable circumstances such as adverse development in Europe, the Directors are cautiously optimistic in maintaining profitability for the next financial year.
